

# FUSE AND ELECTRICAL CLIPS

## JUMPER WIRE (JW)

- Provides a reliable and economical solution for trouble shooting on circuit boards
- Material: **22 AWG Solid Copper Wire, Tinned**
- Standard Pack: 5,000/pack
- Mounts to a circuit board with solder

PART NO.	LENGTH "L"
JW-020	.20 (5.1)
JW-025	.25 (6.4)
JW-030	.30 (7.6)
JW-040	.40 (10.2)
JW-050	.50 (12.7)
JW-060	.60 (15.2)
JW-070	.70 (17.8)
JW-080	.80 (20.3)
JW-100	1.00 (25.4)

## CONTACT BATTERY (CB)

- Surface mount contact for 9 volt battery
- Soldering installation
- Brass material enhances the point of electrical contact
- Material: **260 Spring Brass**
- Finish: **Copper Flash, Tin Plate**
- Typical Applications include smoke alarms, garage door openers, plastic housings, printed circuit boards, toys and portable receivers
- Standard Pack: 2,500/pack

Part No. CB-1

TYPICAL 9 VOLT BATTERY CONTACT MOUNTING HOLES
